From the way the Danville papers are talking about the new things up there one might be led to believe it's really on the map.

Did you ever notice how seldom the preacher prays for the short? Is it because the choir is fast praying for, or because it is so good that it does not need it? Were the questions first at the Religious Editor of The Winchester Democrat. The choir in our churches are so good they don't need praying for.

A second street retailer in a few hours yesterday made cash sales aggregating more than \$100. So much for the crowd down to the city by the circus. Our law-makers commit a great error when they imagine that a heavy license on circus incurs to the benefit of the community. The fact is, a circus leaves far more money in Mayville than it takes away.

Charles Sapp, of Nicholas county, went to Flemingsburg, bought a suit of clothes and other apparel in which to get married. He paid the bill with a check for \$18 drawn on Will Smith. Before he could meet his bride-elect he was arrested on the charge of having forged Smith's name.

Judge Harbison was so anxious to hold Court yesterday that it is said he himself rang the Court-house bell, but when he found that lawyers, clerks and even the jailer had caught the circus fever, he dismissed the empty chairs and benches and retired out to view the hippodrome.

FREE SILVER IS A CATCHING SONG. Free silver is a "catching song."

And looks much like a winner. But if you'll examine well the throng

You'll find there many a minnow. Some politicians, to be sure.

Are rushing to the bait. They hope on this old silver craft

Into office fast. And suckers, too, who always bite

At any kind of bait. And never question what is right.

But blindly call it fate. Are rushing forward to this boat

With a determined air. If they knew to what a dangerous port

They are tending they'd beware. There are others, too, who are not so sure

That there's a cyclone in the land. The waters look so soft and pure

Down in the silver lake. They ponder deep and ponder long

They read and read and meditate. They're blinded by this siren song.

And thus they hesitate. If they can common sense withstand

And carry the poles some day. There'll be a cyclone in the land

In a financial way. There is much comfort in the thought

That brains most always win. But 'twill be a battle closely fought

If they don't soon begin. Free silver is a "catching song."

And looks much like a winner. But if you'll examine all things

You'll find the brains "agin" her. MAYSVILLE WEATHER.

A number of missionaries from Kentucky are in that part of China in which the recent massacre of missionaries is reported to have taken place.

Down in Trigg county last week a farmers' club had a debate on the question "What is Free Silver?" and one of the members who debated mightily close to the bull's eye when he replied: "Free silver, Mr. President, is one of them things that you hear tell of so darn frequent and see so darn little of."

Great crowds of people came to town to see the circus grand.

Some went to see the hippodrome. And some to hear the band.

Some went to see the animals. And some to see the Japs.

Some went to see the ladies ride. And things not on the map.

But now you ought find a man who saw a sight that

That took place "neath the canvas big Or in the sawdust ring."

The Minister's Wife.

New York Advertiser.

It was Monday morning and I felt a little the worse for wear after a hard Sunday's work, preaching twice and making an address. I remarked to my wife, "I always feel a little worse on Monday than any other day in the week."

She replied: "I do not."

"No," said I, "but you do not have to preach twice on Sunday."

"True, I do not preach twice on Sunday," she said the quick response, "but I listen to you!"

TODAY'S GAME.

It Will Be the Best Played Here This Season.

The Navies came in from Cincinnati this morning, and as was anticipated the team is made up of the pick of the many strong teams in that city.

Captain McGann has not been asleep, however, but has considerably strengthened his team as well.

"Chick" Crane arrived from Louisville last night and will be today's game.

Michael Angelo Bradley, the left-handed wonder of the Bluegrass League of last season, has been secured by the local team and his arrival is looked for on every train. Bradley has been playing at Rensselaer, Ind., and left that place for this city last night.

The local team will line up as follows this afternoon:

Left Field—Cox.

Third Base—Cox.

Short Stop—Crane.

Second Base—McGann.

Pitcher—Rieman.

Center Field—Wadsworth.

First Base—Sutherland.

Right Field—Bradley.

Catcher—Tealey.

SHORT STORY.

The game this afternoon will be called at 4:30 o'clock.

Reiman and Tealey will be in the points this afternoon.

The game this afternoon promises to draw the banner crowd of the season.

Ray Tealey will make one of his long-distance throws just before the game this afternoon.

Young Jones, who pitched a winning game for Grayhounds against our boys last season, will probably pitch for the Navies today.

Willie Bill Welner, who was advertised to play with the Locals today, will not be here, Bradley having been secured in his stead.

Go 'em for keeps today, Mac. And we'll telegraph the news to Hanner: With Bradley and Reiman We'll keep 'em down here. And Mayville will beat the banner.

There will be a number of Portsmouth wheelmen at the state meet here.

Mrs. Julia A. Riggs of Noah, Lewis county, has been granted an original widow's pension.

The fourth annual meeting of the Kentucky State Medical Society will begin at Harrodsburg today.

Colonel M. C. Russell is having a new fence put around his handsome residence in the Fourth Ward.

John B. Farlow and wife sold to John Perkins a small tract of land in Orangeburg Precinct; consideration, \$25.

The handsome Second Presbyterian Church of Portsmouth was almost totally destroyed by fire Sunday night. Fully insured.

The Board of Home Missions of the Presbyterian Church in the United States of America, in New York, has bought land in the town of Harlan C. H., Harlan county, and at once proceeded to erect a \$7,000 brick school building and a teachers' home which it maintains at its own expense. The board has schools at Hazard, Perry county, Pikeville, Pike county, and elsewhere in Eastern Kentucky, and is doing a great service to the mountain people through its agent, the Rev. D. McDonald, of Danville, Ky.

Warning.

All persons are warned against negotiating a check, drawn April 10th, 1895, by G. W. Blatterman, Superintendent, in favor of B. G. Grigsby for account of R. E. Wilson, as a duplicate of said check has been drawn June 11th.

B. G. Grigsby, Sardis, Ky.

This Beats All.

Robert Rand of the Fishing Creek neighborhood was seen a few days ago upon our streets smoothly shaven for the first time in years. When asked about the matter he replied that it was not of his choice, but that the cat worms had done him in his cornfield, shaved him and cut his hair before he could make his escape.

WENT BY TELEGRAPH.

But It Took the Nonpareil Club a Day and a Night to Make It.

Portland Democrat.

The excursion of the Nonpareil Club to Mayville on the Telegraph Sunday was a success, notwithstanding the late arrival of the boat here. Before the time fixed for the boat to start, 9 a. m., the bank was lined with people, and they were stayer, every one of them. As the forenoon wore on, the crowd increased, but when the dinner hour arrived, and still no boat, a great many became disgusted and went home. The more faithful, however, still stuck to their posts and made raids on the near-by hotels and restaurants for dinner. At last, at 1 o'clock, the long-looked-for boat came in sight, four hours overdue.

After some argument between the members of the club and Captain Kirker, they agreed on terms and the waiting excursionists, to the number of 300, crowded onto the boat. After a six hour run and several landings, Mayville, the Mecca of the weary pilgrims, was reached. An hour and a half was spent in the city, occupied by most of the crowd in hunting something to eat, for, of course, no one would think of looking for a side door in a Kentucky town on Sunday. But little time was given to admire the beauty of the justly famous Mayville girls, and at 9 o'clock the boat started on her return trip for this city.

For the first few hours everything went lovely, but the brightest eyes grew heavy, and it was a tired and sleepy crowd that landed at the wharf at 5 o'clock yesterday morning.

A Fine Teacher.

Miss Annie L. Hudson has for the past six years conducted the school in District No. 32 in Mason county and has been instrumental in adding many minds to climb the mountain of science. But to the sorrow of the patrons of that District she has resigned the field of teaching and will hereafter stenograph the important sayings which will be done with the same accuracy and promptness that her teaching has been. She is a ripe scholar and a lady of superior talents, and we bespeak for her a rapid flight into a National reputation.

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency and in the use of both gold and silver for currency, provided always that a dollar in coin is made precisely as valuable as a dollar in the other.

We favor a tariff so regulated as to protect the interests of all classes of our citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market for the producer; and in connection with this we favor the re-establishment of the doctrine of reciprocity. We believe that such a system will defray our Government expenses, gradually liquidate all indebtedness, restore public confidence and relieve to the year the undue encumbrance now preventing the country from its normal progress.

In view of the past financial history of the Democratic party, the devotion to the old debt and silver and wildcat currency, we offer that the Republican party can be more safely trusted to regulate the financial system of the Nation.

We favor an American policy which will protect American and American interests in any part of the world at all hazards and will sympathize with strongly Republican rather than with monarchies.

The Log Cabin will not be mistaken for the Phoenix when the voters line up at the voting booths in November. The adoption of the "Phoenix" by the Populist was a Democratic trick which even tar soap cannot remove.

In a dispassionate review of the late Republican Convention, Hon. HENRY WATKINSON says in The Courier-Journal: "The Republicans have come and gone and no thoughtful Democrat can say that, according to the standard usually applied in such cases, their proceeding was not a success."

In numbers, in respectability, in enthusiasm, in unity of purpose, the Convention of last week challenges comparison with any similar body of Kentuckians. The ticket nominated is a clean ticket. The platform adopted offers one of two issues:—either the Democratic choice—either the one issue of Republican promises against Democratic actualities, or with the free silver scheme added, two issues, the first named, and that of sound money against unsound money."

How's That?
We offer One Hundred Dollars Reward for anyone who can tell us where to find the last 1000 dollars of the money perfectly honorable in all business transactions and financially able to carry out any obligation made by them.

Headache.

This distressing malady is caused by a run-down state of the health, and is often a forerunner of other and more dangerous diseases.

Brown's Iron Bitters

cures headache by removing the cause of it; and this is the way it does it.

It purifies and enriches the blood, quickens the action of the kidneys, the liver and the bowels, and gently and pleasantly stimulates the digestive organs, and in fact thoroughly renovates and tones up the whole system—and you have no more headache. And besides it is pleasant to take, and will not stain the teeth nor cause constipation.

Is this not better than dosing yourself with disagreeable and dangerous drugs, which at the best can do no lasting good?

Don't be deceived by imitations. See the name and lines on the wrapper. Get only "Brown's Iron Bitters." It is the only one that can be read by everybody; live for it at all times.

BROWN CHEMICAL CO., BALTIMORE, MD.

EXPORTS of corn fell off by 3,000,000 bushels in March, 1895, as compared with March, 1894; of wheat by 100,000 barrels and of flour by 1,800,000 barrels. That is how the farmers are letting themselves out into the markets of the world and the barrel farmers are letting themselves out of work.

AMONG the one hundred clerks discharged from the Pension Bureau, in a reduction of the force, was a granddaughter of FRANCIS SCOTT KEY, author of "The Star Spangled Banner." From her salary she supported her mother, who is 80 years old and blind. The present Administration possesses little respect for the Star Spangled Banner and its associations.

It's a Grand Success.

The fact has been demonstrated by the thousands of testimonials the Mavers Drug Company, of Oakland, Md., has received since it has sent its famous Mavers Magnetic Catarrh Cure out to the sufferers of catarrh. No medicine has received such an endorsement from the people in so short a time as did. The makers sell the medicine on business principles, and a patient is not required to buy the medicine by the dozen to get a cure. The Mavers Magnetic Catarrh Cure sells for \$1 per bottle, one bottle to last for a three months' treatment. One bottle is the best and best ever required to complete a cure. General catarrh one bottle is guaranteed. No cure, no pay.

This is an unequalled offer and if you are a sufferer from catarrh get a bottle from your druggist; if no benefit derived costs you nothing. A prominent R. H. Conductor speaks: "CHESLELAND, Md., April 19th, 1895. To the Mavers Drug Co., Baltimore, Md.: Yours to hand. In reply will say I have the highest regard for your Catarrh Cure. It has relieved me of the trouble from the head in good measure. I should suggest with the latter as I have written in the letter to you again in the near future. Hoping it will do for me, I remain, yours truly, J. C. SCHMIDT. For sale by Thomas J. Chenevix."
